## NEWS RELEASE

### **FOR IMMEDIATE RELEASE:**

### **STATEMENT ON THE REMOVAL OF SOME GIRDERS FROM THE RT. HON. HERB GRAY PARKWAY**

Friday November 01, 2013

**(WINDSOR)** – Today, the Honourable Teresa Piruzza, MPP for Windsor West, issued the following statement:

“As I mentioned in the public statement I issued on October 4<sup>th</sup>, the Rt. Hon. Herb Gray Parkway remains a top priority for me. I am proud of this project and investment – not only for the jobs it continues to create but also the transformation that is occurring across the corridor.

It is unfortunate that the issue with respect to the girders occurred. However, the Premier, Minister of Transportation and I have been clear – public safety is paramount. It is also critical to keep the community informed and ensure confidence in the project.

I am pleased that Windsor Essex Mobility Group (WEMG) and Parkway Infrastructure Constructors (PIC) have decided to replace all the girders in question with new ones that will be built to code. This decision is a result of the testing process that was agreed to between WEMG and Ministry of Transportation.

This project will continue to be a priority for me as a local MPP. I will continue to bring forward any concerns of our community. That is my responsibility and commitment to the people of Windsor.”
